

# NHI awards winner of travel quiz at EduTrac

Celebrations were in the air recently at NHI as Badar A'Saifi picked up his winning ticket from NHI's principal, Robert MacLean.

Saifi won the ticket after winning a travel quiz at the recent EduTrac exhibition where NHI had set up a stand with its partner Arabian Adventures.

The stand showcased some interesting climbing, cycling and kayaking gear.

Tim Fenton, general manager, Arabian Adventures said, "We were delighted to partner with NHI and offer this prize of a two-

day adventure trip to the interiors. We are keen to open up this opportunity to Omanis and others to experience different parts of Oman."

NHI recently launched its new Travel and Tourism diploma course which is designed to offer training to those wishing to get jobs in the tourism industry or the travel sector.

"There are thousands of jobs available in this sector and we are pleased to offer this internationally recognised qualification," said MacLean.
