GROUP TASK

# NHI builds team spirit in its kitchen

**MUSCAT:** An innovative event to focus on the importance of team-work took place in the kitchens of the National Hospitality Institute (NHI) last week. The team of staff from HSBC Bank sharpened their knives and tied their apron strings as they were assigned to small teams, to work together in NHI's modern training kitchen. Teams were issued with guidelines on food safety and hygiene before the activity took place followed by

a briefing on what they were going to achieve on the day.

There were a few nervous smiles amongst the participants as some of them were not "good in the kitchen" and saw some challenges ahead. Others who enjoy cooking couldn't wait to get stuck in. Interesting dynamics emerged from the changed roles they normally had in their bank work place.

Teams worked to a deadline to create a gourmet meal.
