NTF students from National Hospitality Institute to visit Jebel Akhdar

A group of National Training Fund (NTF) students from the National Hospitality Institute (NHI) have prepared for their field trip to Jebel Akhdar sponsored and organized by Ouhada Board Oman.

The students will spend their time camping and walking on the mountain. While there, they will learn about working together in a group and relying on each other. They will understand the need for self-discipline and will have to take group decisions. This is all part of NTF's Ouhada Board training which is aimed to the employment funded programme they are studying.

Robert Al-Masari, principal, said, "We are very grateful to Ouhada Board Oman for giving our students this opportunity to learn new skills in a different environment."
