Children's Museum

This year marks the 20th anniversary of the Children's Museum in Muscat and its dome-shaped building has become well known with residents and tourists alike. The museum is mainly science-based and aims to make learning fun for its young visitors with exhibitions on optical illusions, our bodies and how shadows work being just the tip of the iceberg. The museum is located in Qurum next to the hill where Mumtaz Mahal and Left Bank are, and open from 8.30am to 1.30pm (Saturday to Thursday). For details, call 24605368.

Junior Chefs at NHI

For those budding Jamie Olivers and Gordon Ramsays who enjoy spending time in the kitchen, the National Hospitality Institute offers children aged eight to 12 and 13 to 19 the opportunity to learn new recipes in its Junior Chef's cookery course. The classes show children how to prepare a range of sweet and savoury dishes and run from 9am to midday on Thursday morning. Parents can request to join in with the classes and have fun learning alongside their children. The centre can also put on a weeklong course if demand is high enough. For details, contact bscentre@nhiooman.com
